Foreword

High Quality Off-site and Educational Visits

Off – Site and Educational Visits play a significant part in the development of children and young people, adding to many aspects of the curriculum through the Learning Outside the Classroom agenda and broadening their experiences.

Trafford Council (the LA) fully supports and encourages all visits that are correctly planned, managed, and conducted.

We believe that all Local Authority establishments should strive for ‘**High Quality Off–site and Educational Visits**’, and in doing so maximise the benefits to those young people taking part.

This document aims to provide clear and unambiguous guidance for organising Off-site and Educational Visits.

It contains advice and procedures for Trafford Council establishments, and links with the DfE publication [Health and Safety on Educational Visits - Updated 26 November 2018](#) and [DfE - Health and Safety Responsibilities and Duties for Schools - Updated 26 November 2018](#).

It also links with the HSE document [School trips and outdoor learning activities - Tackling the health and safety myths](#) published in June 2011.

It also makes use of the ‘[National Guidance](#)’ website of the [Outdoor Education Advisers’ Panel](#) as the main source of ‘industry standard’ advice and information.

Rather than repeating much of these documents cross-references and hyperlinks are used throughout this publication.

The LA places great emphasis on ‘competence’.

The competence of the Visit Leader is the single most important factor in ensuring the safety of participants involved in Off-site and Educational Visits.

As such, the competence of the Head of Establishment and Educational Visits Coordinator to accurately assess the competence of the Visit Leader is crucial.

The LA expects establishments to make accurate professional judgements regarding competence and encourages establishments to seek further advice from the Local Authority if necessary.

The guidance is aimed at all Local Authority establishments.

Trafford Council is keen to promote a broad and balanced curriculum, which includes residential and off-site visits.

It is hoped that this document will provide more opportunities for learning situations outside the classroom and outside formal education.

This document is updated regularly to reflect changes in legislation or best practice.

The latest version of this document is always available on EVOLVE at www.traffordvisits.org

1 General

The purpose of this document is to link the requirements of Trafford Council with National Guidance and EVOLVE.

Trafford Council (the LA) acknowledges the immense value of off-site visits and related activities to young people, and fully supports and encourages those that are well planned and managed.

The LA has adopted the Outdoor Education Advisers' Panel 'National Guidance': www.oeapng.info
Reference is made to National Guidance throughout this document.

The LA uses the web-based system 'EVOLVE' to facilitate the efficient planning, management, approval, and evaluation of visits. All staff that lead or accompany visits can access their own EVOLVE account, which is set up by their establishment's Educational Visits Coordinator (EVC). As well as being an efficient tool for planning and approving visits, EVOLVE also contains a variety of features including: search and report facilities, downloadable resources, a link to the National Library www.national-library.info, staff records and visit history, and with EVOLVE+ on-line parental consent, etc. EVOLVE: www.traffordvisits.org

2 Responsibilities

All persons involved in a visit have a specific responsibility which they should be clear about prior to the visit taking place.

The Health and Safety at Work etc Act 1974 places overall responsibility for health and safety on educational visits with the employer:

- For Community Schools, Community SEND Schools, Voluntary Controlled Schools, Maintained Nursery Schools, Pupil Referral Units, and Statutory Youth Groups, the employer is the Local Authority. These establishments must adhere to this guidance document.

- For Academies, Foundation, Independent, and Voluntary Aided Schools, the employer is usually the governing body or proprietor. Although welcome to do so, these establishments are not obliged to use the guidance of the LA. If using LA guidance, this should be clearly stated. If not using LA guidance, establishments are advised to ensure that the systems in place are equally as robust as those of the LA.

IMPORTANT NOTE for Voluntary Aided, Foundation and subscribing Academies and Independent schools:

- If you chose to adopt this guidance document please note that where it is stated that Local Authority approval required, this should be taken to read as either Governing Body or Head of Establishment approval being required. The scheme of delegation should be agreed by the Governing Body.
- The LA is available to provide advice and guidance on all visits and if further support is needed on a particular visit, the EVC should either contact the LA by submitting a note on the visit form or make contact with the LA representative whose details are available at the end of this document.

Refer to: '[Planning Basics](#)' and '[Checklists](#)' in National Guidance - www.oeapng.info

3 Role of the Educational Visits Coordinator

To help fulfil its health and safety obligations for visits, establishments are encouraged to appoint an Educational Visits Coordinator (EVC) who will support the Head of Establishment. In small establishments the EVC may also be the Headteacher or manager. Should the establishment choose not to appoint an EVC, those functions will automatically fall to the Head of Establishment.

The EVC should be specifically competent, ideally with practical experience in leading and managing a range of visits similar to those typically run by the establishment. Commonly, but not exclusively, such competence will be identified in a person on the senior management of the establishment.

The EVC should attend initial EVC training as soon as possible after appointment. Subsequent update training or a repeat full course is particularly recommended for those who are involved in the role infrequently.

The EVC should support the Head of Establishment in ensuring that competent staff are assigned to lead and accompany visits, see **Section 11**, and with approval and other decisions.

The EVC must ensure that a policy is in place for educational and off-site visits, and that this is updated as necessary. This should be readily available to staff via their establishment's own EVOLVE Resources section.

Establishments are advised to consider the merits of adapting the sample '**Educational Visits Checklist**' (Word version in EVOLVE Resources) to suit their own particular circumstances, and uploading this to their establishment's own EVOLVE Resources section.

Refer to: '**Educational Visits Coordinator**' in National Guidance www.oeapng.info

4 Recording Visits & Extended Learning Area

It is recommended that all visits are recorded, approved and evaluated via EVOLVE, as this reduces bureaucracy, ensures that a robust audit trail exists, and evidences learning outcomes.

Extended Learning Areas

As a way of formalising the ability of a school or other educational establishment to utilise their local area for what was previously termed 'ad hoc' or 'spontaneous' off-site visits the LA is promoting the concept of **Extended Learning Areas** for Trafford establishments.

This refers to a designated geographical area where visits and activities can take place as part of the normal curriculum and within the normal school day.

The area designated should be within comfortable walking distance to and from the school and will not require transport of any kind.

Activities undertaken would fit into the category of a '**none of the above**' activity as defined on EVOLVE.

Pupil's age and ability will need to be taken into account when designating the area to be used.

Schools and other educational establishments can designate an **Extended Learning Area** by adapting the template document on EVOLVE and adding this to their current Visits Policy.

The visits / activities undertaken should follow the Standard Operating Procedures set out through the **Extended Learning Area** document and Visits Policy and should not normally need additional Risk Assessments or notes added.

These activities can be recorded on a 'Signing Out' sheet containing relevant information and left with the school office before departure and cancelled on return.

Following the activity, visit leaders are encouraged to record the event on the same day on EVOLVE. If this is not possible the form should be stored in such a way as can be available for view by the LA if required.

Specific consent would not be required for this type of activity as it takes part during the normal school day and would be covered in any termly / yearly consent already collected by the establishment.

See '[Extended Learning Area Policy template](#)' in EVOLVE Resources.

See '[Example signing-out sheet](#)' in EVOLVE Resources.

5 Approval of Visits

Final approval is delegated to the Headteacher for all visits, with the exception of:

- Overseas visits
- Residential visits
- Adventurous activity visits

which for LA Maintained Schools require Local Authority approval. These visits should be submitted to the LA at least 20 days in advance.

In approving visits, the Head and EVC should ensure that the visit leader has been appropriately inducted / trained, and is competent to lead the visit, see [Section 11](#)

What does 'Visit Approved by LA' mean?

When the Headteacher authorises a visit on EVOLVE, he/she confirms that the visit complies with school and Local Authority policy, and that in their opinion the visit leader and any accompanying staff are competent to supervise the visit.

This task can only be the responsibility of the Headteacher/Senior Management, as the Local Authority does not have first-hand knowledge of the intended participants or the competence of the staff team to make this decision.

The LA therefore relies on the Headteacher to make an appropriate professional judgement prior to authorising visits, by taking all aspects into account, including but not limited to:

- The competence of the visit leader
- The competence of the accompanying staff
- The ages, level of maturity of pupils, including those with special needs
- The intended learning outcomes
- The proposed itinerary
- The contingency plans (Plan B) in place

The Local Authority works on the basis that the Headteacher should not submit the visit for LA approval if he/she is not satisfied with the intended arrangements. 'Approved by LA' therefore confirms that the school appears to have followed the Local Authority's stated procedures.

Although all visits requiring Employer approval are viewed, it is not feasible for the LA to scrutinise in detail all information and attachments, and so this is undertaken on a 'sample' basis.

The exception to the above is where school staff lead adventurous activities themselves (ie. not using an external provider). In these instances it is unlikely that the Headteacher will have the necessary technical expertise to assess the competence of the activity leader, and therefore this task is carried out by the Local Authority.

Refer to National Guidance 1b [Foundations](#)

START

Will an External Provider, Activity Centre or Tour Operator be used?

NO

YES

Is the provider already registered on the EVOLVE system?

NO

YES

Email a 'Provider Form' to the provider. Retain completed unmodified form at your establishment - see Section 30

Will a member of your establishment's staff be leading an adventurous activity as defined in Section 22?

YES

The member of staff must be specifically approved by the LA to lead the activity. Leader Approval must be obtained via EVOLVE - see Section 29

NO

Will the visit be residential, overseas, or involve an adventurous activity as defined in Section 22?

YES

NO

Has the Visit Leader been assessed as competent to lead the visit?

YES

YES

Has the visit been approved by the EVC and Head of Establishment?
If applicable, have relevant Checklists, and Governing Body Policy been complied with?

YES

YES

Approval is delegated to the Head of Establishment

This would normally be via EVOLVE, unless operating under standard operating policies or procedures for simple, local low risk activities
If approved by Head/Manager:

The visit must also be approved by the LA

Submit visit to LA via EVOLVE
If approved:

Establishment should monitor visits on a 'sample' basis

THE VISIT MAY PROCEED

Assess risks on an on-going basis and implement appropriate control measures

Evaluate the visit via EVOLVE

Visit Flowchart

Note: This process is automatically followed when using EVOLVE

6 Outcomes

Clarity regarding the intended outcomes of the visit will help to ensure that the potential benefits can be achieved. Up to four 'intended' outcomes may be recorded on EVOLVE during the planning process, for subsequent evaluation.

Work that takes place outside the classroom can provide a very powerful means of developing learning in all curriculum areas, and raise attainment. Experiential learning can also provide opportunities for development in other areas, including:

- Relationships
- Emotional & spiritual
- Cross curricular
- Individual
- Teamwork
- Environmental

Preparatory work should take place in advance of the visit where appropriate. This, in conjunction with activity that will take place during the visit, should feed into any follow up work.

Refer to: 'Evaluation' in National Guidance www.oeapng.info

High Quality Outdoor Education can be used as a tool by visit leaders to assist in both identifying outcomes and in the evaluation of the learning taking place. It can also help the leader in providing clarity to a provider when designing a programme.

7 Inclusion

Under the Equality Act 2010, it is unlawful to discriminate against disabled participants because of their disability, without material or substantial justification. You are required to make reasonable adjustments to avoid participants being placed at a substantial disadvantage. However, the Equality Act does not require responsible bodies to place employees or participants at inappropriate risk if a health and safety issue arises. It is also the case that the adjustments made to include a disabled young person should not impinge unduly on the planned purpose of the activity.

Refer to: 'Inclusion' in National Guidance www.oeapng.info

8 Planning and Risk Management

EVOLVE provides a means of recording planning during the planning phase, and enables the EVC and Headteacher/Manager to contribute to, support, and monitor the activity.

The extent of planning required is related to the complexity of the visit, see:

- Planning with EVOLVE diagram.
- RADAR model: based on STAGED: Staffing, Timings, Activity, Group, Environment, Distance.

Risks are expected to be reduced to an *acceptable* or *tolerable* level, and not necessarily eliminated. Planning should achieve a rational balance between potential adverse risks and the intended benefits and outcomes of the activity. See Managing Risk in Play Provision

Many aspects of planning will normally already be in place in the form of existing policies and guidance, such as the establishment's own policy, LA policy, etc. These, in conjunction with the EVOLVE Visit Form may be sufficient for a particular visit, as it is not necessary to repeat generic policies on EVOLVE.

Due to the complex nature of off-site visits, conventional 'risk assessment' as a stand-alone tool is not particularly useful and can on occasion be misleading. It is of greater benefit to consider the overall 'risk management' of visits by taking all aspects of visit planning and management into account. This can be achieved effectively through a combination of the EVOLVE Visit Form itself, and any appended notes and/or attachments.

Visit planning includes consideration of the question: *'What are the really important things that we need to do to keep us safe?'* It should focus on those issues that are individual to the specific event, taking into account the needs of the group (including special and medical needs), the experience and competency of the staff team, and the leader in the context of the event. Significant issues should be recorded on EVOLVE, either in Notes or as an attachment, and shared with all relevant parties.

This planning process by the leader may be compared to the expectation of a teacher or youth worker to plan a lesson/session which is relevant to the needs of the group.

Planning that includes adventurous activity commonly involves delivery by an external provider (see Section 30) and the provider will have responsibility for managing the activity. As such, the provider's risk assessment is not the concern of the establishment leader, does not need to be requested from the provider, and does not need to be uploaded to EVOLVE.

Alternative arrangements (Plan B) should be included within the planning process where appropriate, for example, where weather conditions or water levels might be critical, or where an overcrowded venue might necessitate an alternative option.

It is good practice to involve participants in the planning and organisation of visits, as in doing so they will make more informed decisions, and will become more 'risk aware' and hence at less risk. They will also have greater ownership of the event.

- this is endorsed by HSE in Principles of Sensible Risk Management

An example Alcohol & Drugs policy is in EVOLVE Resources; establishments may wish to adapt and/or adopt this if appropriate.

Refer to: 'Responsibilities of the Visit Leader' in National Guidance www.oeapng.info
DfE document: A Handbook for Group Leaders

9 Safety During the Visit

Prior to the visit, staff must ensure that all participants understand what is expected of them. This includes any 'rules' that will be in place. These should be reemphasised as appropriate during the visit.

Monitoring of the visit must be ongoing; this contributes towards enjoyment, safety, and learning.

It is primarily the responsibility of the visit leader, in consultation with other staff where appropriate, to modify or curtail the visit or activity (eg Plan B) to suit changed or changing circumstances - for example: over-busy lunch area, rain, rising water levels, etc.

Following the visit, the visit leader should record any significant issues as a note on EVOLVE, for both reference, and to inform future visits.

Refer to: 'Responsibilities of the Visit Leader' in National Guidance www.oeapng.info
DfE document: A Handbook for Group Leaders

10 Parent / Carer Consent

Schools:

Written consent from parents is not required for pupils to take part in the majority of off-site activities organised by a school (with the exception of nursery age children) as most of these activities take place during school hours and are a normal part of a child's education at school. However, it is good practice to inform parents of where their child will be at all times and of any extra safety measures required.

Written consent is usually only requested for activities that need a higher level of risk management or those that take place outside school hours. Parents must be informed of these activities in advance, and given the opportunity to withdraw their child from any particular visit or activity covered by the form. The school must have a robust means of ensuring that changes to parent / carer contact details and child medical details are up-to-date.

The Department for Education has prepared a 'one-off' consent form which schools can ask parents to sign when a child enrolls at the school. This will cover a child's participation in any of these types of activities throughout their time at the school. These include adventure activities, off-site sporting fixtures outside the school day, residential visits and all off-site activities for nursery schools which take place at any time (including during school holidays or at the weekend). Alternatively, schools may devise their own consent form.

E-consent, via services such as EVOLVE, ParentPay, etc, is an acceptable alternative to paper-based consent forms.

Other establishments:

Annual consent is appropriate for regular routine activities.

For all other visits, consent should be obtained on an individual visit basis. Information provided to parents prior to granting consent should include full details of the activities and any other significant information.

All: Refer to: 'Parental Consent' in National Guidance www.oeapng.info

11 Competence to Lead

The competence of the visit leader is the single most important contributory factor in the safety of participants.

The EVC and/or Head of Establishment must therefore consider the following when assessing the competence of a member of staff to lead a visit:

- a) What experience has the leader in leading or accompanying similar or other visits? (check Staff History on EVOLVE).
- b) Is the leader competent in planning and managing visits?
- c) What are the leader's reasons for undertaking the visit?
- d) Is the leader an employee of the Local Authority?
- e) Does the leader have the ability to manage the pastoral welfare of participants?
- f) Does the leader exhibit sound decision making abilities?
- g) What experience has the leader of the participants he/she intends to supervise?
- h) What experience has the leader of the environment and geographical area chosen?
- i) Does the leader possess appropriate qualifications?
- j) If appropriate, what is the leader's personal level of skill in the activity, and fitness level?
- k) If leading adventurous activities, has this been 'approved' by the LA?
- l) Is the leader aware of all relevant guidelines and able to act on these?

Refer to: 'Assessment of Competence' in National Guidance www.oeapng.info
Diagram: Planning with EVOLVE

12 Staffing and Supervision

On all visits there must be an 'effective level of supervision' that has been approved by the EVC and Head of Establishment, and where applicable is in accordance with Governing Body policy.

The Statutory Framework for the Early Years Foundation Stage (available on EVOLVE) no longer differentiates between outings and on-site settings as regards minimum specified ratios.

For all other visits the visit leader, EVC and Head of establishment must make a professional judgement regarding the number and suitability of staffing on an individual visit basis, after consideration of the following factors:

- the type, level, and duration of activity;
- the nature and requirements of individuals within the group, including those with additional needs;
- the experience and competence of staff and other adults;
- the venue, time of year and prevailing/predicted conditions, if applicable;
- the contingency, or 'Plan B' options.

A visit must not go ahead where either the visit leader, EVC, or Headteacher is not satisfied that an appropriate level of supervision exists.

Visit leaders, EVCs and Heads/Managers often find it helpful to have 'a starting point for consideration'. Where departure from the starting point results in fewer staff, the justification should be recorded as a note on EVOLVE. See Underpinning Legal Framework on National Guidance www.oeapng.info

Staff who are assigned to support the special needs of an individual cannot be included in the overall staffing ratio. Their responsibility should not include the wider group.

Particular consideration should be given to the additional implications that may arise if staff are to be accompanied by family members (or partners) on visits.

Vetting and Disclosure and Barring (DBS) Checks

Staff and volunteers who work *frequently* or *intensively* with, or have regular access to young people or vulnerable adults, must undergo an enhanced DBS check with barred list check as part of their recruitment process. For the purpose of this guidance:

- '*frequently*' is defined as 'once a week or more'.
- '*intensively*' is defined as 'four or more days in a month, or overnight'.

Refer to: 'Vetting and DBS Checks' in National Guidance www.oeapng.info

Direct, Indirect and Remote Supervision

Young people must be supervised throughout all visits, even though they may be unaccompanied at times.

Direct supervision is where a member of staff is with a young person / group.

Indirect supervision is where young people are unaccompanied by a member of staff, but where there is a member of staff in the vicinity, for example as might occur in a museum or shopping centre, or 'down-time' at an activity centre.

Remote supervision is where young people are unaccompanied by a member of staff, and the supervising member of staff is not necessarily in the immediate vicinity, for example as might occur during D of E expeditions, or a 6th Form unaccompanied visit to university open day.

Indirect and Remotely supervised activities can bring valuable educational benefits, and the progression from dependence to independence is to be encouraged. Such activities develop essential lifelong skills, including managing risk, self-sufficiency, interaction with the public and social skills, decision making, etc.

The decision to allow indirect or remote supervision should be based on professional judgement taking into account such factors as:

- prior knowledge of the individuals (including their maturity and levels of responsibility);
- venue and conditions;
- the activity taking place;
- preparatory training;
- the competence of the supervising staff;
- the emergency systems in place.

When recording a **remotely** supervised visit on EVOLVE, there must still be a named visit leader. This will be the member of staff that has made a professional judgement regarding the level of responsibility and maturity of the participants, and decided that in their opinion it is reasonable for them to be undertaking the specific activity unaccompanied by an adult. A 'Note' should be added to EVOLVE specifying that remote supervision applies.

Refer to the following documents in National Guidance www.oeapng.info

'Ratios and Effective Supervision'

'Group Management and Supervision'

'Vetting and DBS Checks'

13 First Aid

For all visits there should be a responsible adult with a good working knowledge of first aid appropriate to the environment (eg. urban, remote, water, etc).

General 'life experience', or a 3 hour non-assessed 'Basic Skills' course is suitable for routine urban visits. However the nature of the visit may indicate that a higher level qualification is appropriate, especially in circumstances where it is likely that access by the emergency services may be delayed.

Based on the nature of the particular visit, the EVC (or visit leader) should make a professional judgement regarding the level of first aid required.

A first aid kit appropriate to the visit should be carried.

For EYFS outings, there must always be at least one member of staff present who holds a current Paediatric First Aid certificate.

Refer to: 'First Aid' in National Guidance www.oeapng.info
Statutory Framework for the Early Years Foundation Stage

14 Insurance

Advice regarding insurance may be sought from the Local Authority's Insurance section. Contact: Risk and Insurance Manager 912 4388

In addition to the standard Public Liability cover provided by the Borough, which all establishments who participate in payment of the premiums will benefit from, the Council has taken out annual 'blanket' personal Educational Visits insurance for all school trips/visits at home or abroad for all schools who participate in the Borough's annual premium charge.

This cover is activated by requesting insurance on EVOLVE.

Schools offering adventurous '**onsite enrichment**' activities, such as Forest Schools activities, should be aware that EVI insurance is not applicable and choose 'Onsite Activity - EV insurance not applicable' on EVOLVE.

For those establishments who make their own insurance arrangements, personal accident / travel insurance must be taken out for all visits abroad.

For all other visits it is the responsibility of the Governing Body (if applicable), Head of establishment, and Educational Visits Coordinator to determine whether additional insurance should be put in place..

The establishment should particularly consider the need for additional insurance for residential activities, or those involving adventurous activities or hazardous environments.

Currently for travel within the European Union it is recommended that all participants hold a valid EHIC (European Health Insurance Card) www.nhs.uk/ehic/.

The card will give access to reduced-cost or free medical treatment from state healthcare providers, however each country's healthcare system is slightly different.

Therefore, a EHIC might not cover everything that would be free on the NHS.

To obtain an EHIC for a child under 16, the parent or legal guardian should apply as the main applicant and include the child as a dependent.

Following the UK's withdrawal from the European Union new guidance will be issued.

Refer to: 'Insurance' in National Guidance www.oeapng.info

15 Transport

Refer to: '[Transport general considerations](#)' in National Guidance www.oeapng.info

Refer to: '[Transport in private cars](#)' in National Guidance www.oeapng.info

Refer to: '[FAQ6 Use of private cars](#)' in National Guidance www.oeapng.info

Trafford Maintained establishments should refer, in the first instance, to 'Safe Transport Policy, CYPS, April 2007' and the subsequent update detailed in the letter to all establishments dated 30 November 2007 in the EVOLVE Resource centre

The following general information is taken from this document.

Parents must be made aware of the intended form of transport, and their consent obtained.

PRIVATE CARS

Where a private (staff or parent) car is to be used to transport young people then this must be approved by the Head of Establishment, and it is advised that a '[PRIVATE CAR](#)' Form be completed and retained by the establishment (on an annual basis).

MINIBUSES

Establishments that own or hire a minibus must have an operational policy in place for this.

For further information, see also:

- Refer to OEAP document: [Transport in Minibuses](#)
- DVLA www.dvla.gov.uk Select 'Online leaflets', INF28 'Driving a minibus'
- ROSPA '[Minibus Safety: A Code of Practice](#)' 2008
- MiDAS (Minibus Driver Awareness Scheme) via [Community Transport Association UK](#). This also contains information on PCV licences, weight limits and towing.

In summary, all drivers of minibuses should undertake the Trafford Minibus training and keep that training current. This applies to pre & post 1997 licence holders operating under the section 19 permit scheme as 'volunteer drivers'.

Post 1997 licence holders may drive a minibus provided:

- Drivers are aged 25 years or over.
- They have held their category B driving licence for at least two years.
- The minibus is being used by a non-commercial body for social purposes, but not for hire or reward.
- Drivers are not being paid to drive the minibus, other than out-of-pocket expenses.
- The minibus does not exceed 3.5 tonnes (or 4.25 tonnes if specialised equipment for the carriage of disabled passengers is included) gross vehicle weight.
- No trailer is towed.
- If any of the above provisions are not met, then a full D1 PCV is required.

COACHES

The LA does not 'approve' coach companies.

Whilst UK legislation ensures that coach companies are fit for public use, the facilities available on coaches may vary.

Liaising with other establishments within the LA that have used a particular company (via a search on EVOLVE) will help to determine the level of service that may be provided.

16 Farm Visits

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

Refer to EVOLVE National Library: '*Preventing or controlling ill health from animal contact at visitor attractions - Advice to Teachers*' and associated documents.

Refer to: Farming & Countryside Education: www.face-online.org.uk

'Farm Visits' in National Guidance www.oeapng.info

17 Water-Margin Activities

This section applies to:

Activities that take place near or in water – such as a walk along a riverbank or seashore, collecting samples from ponds and streams, or paddling or walking in gentle, shallow water*. It does not apply to swimming and other activities that require water safety or rescue qualifications and equipment, or water-going craft.

* 'gentle' means hardly moving at all.

'shallow' typically means up to the knees of the participants.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

At the outset the leader must decide whether the activity:

- a) Falls **within** the definition in bold above - in which case the below guidance applies,
or
- b) **Exceeds** the definition in bold above - in which case this is a water-based adventurous activity and Section 23 applies.

All staff involved in water-margin activities should be conversant with the guidance contained within *Group Safety at Water Margins*. This document must be made available to all supervising adults in advance of the visit.

As with all visits, where appropriate there should be an approved alternative 'Plan B' that could be used where conditions dictate, and for which parental consent has been obtained if necessary.

LA approval is not required for water-margin activities, but the leader must have previous relevant experience, and must have been assessed as competent to lead the activity by the EVC and/or Head of Establishment.

Refer to 'Natural Water Bathing' in National Guidance www.oeapng.info

18 Residential Visits

The LA acknowledges the immense educational benefits that residential visits can potentially bring to children and young people, and fully supports and encourages residential visits that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

Refer to: 'Residential Visits' in National Guidance www.oeapng.info

19 Overseas Visits – guidance subject to change following the withdrawal of the UK from the EU – UPDATES WILL FOLLOW

The LA acknowledges the immense educational benefits that overseas visits can potentially bring to young people, and fully supports and encourages overseas visits that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions

For all visits it is essential that consideration is given to the following:

- a) Culture: food and drink, local customs, religion, expected behaviour/dress, gender issues, sanitary arrangements, corruption, political stability, local financial information, alcohol & drugs.
- b) Accommodation: checked for suitability, security, safety precautions and emergency evacuation.
- c) Transport systems have been assessed as safe for use.

The visit leader should consider the relevant country information from the Foreign and Commonwealth Office website: www.fco.gov.uk (from the home page select 'Travel Advice'). All relevant FCO information should be circulated amongst the staff team.

Currently for travel within the European Union (plus Iceland, Liechtenstein, Norway, and Switzerland), all participants must hold a valid EHIC (European Health Insurance Card). See www.dh.gov.uk

For exchange visits:

- The LA has adopted the Outdoor Education Advisers' Panel guidance document: [*Young People's Exchange Visits*](#) LA establishments are required to adhere to all relevant aspects of this guidance.
- Refer to the British Council (Learning) www.britishcouncil.org

For Overseas [Expeditions](#) see [Section 26](#)

Refer to: '[Overseas Visits](#)' in National Guidance www.oeapng.info

20 Weather, Clothing & Survival

Where appropriate, the leader must obtain and act upon recent weather forecasts and local advice.

Participants should be adequately clothed appropriate to:

- The time of year, prevailing weather conditions, altitude and exposure to elements;
- Likely changes in weather;
- The experience and strength of the party;
- The nature of the visit and environment.

When venturing away from immediate help, leaders should consider the need for:

- Comfort, insulation and shelter for a casualty;
- Comfort, insulation and shelter for the whole group;
- Provision of emergency food and drink;
- Torch;
- Possible need of signalling equipment and/or mobile phone (NB. Mobile phones may not work in remote areas);

It is primarily the responsibility of the visit leader, in consultation with other staff where appropriate, to modify or curtail the visit or activity (eg Plan B) to suit changed or changing circumstances - for example: over-busy lunch area, rain, rising water levels, etc.

21 Swimming

The LA acknowledges the immense educational benefits that swimming activities can potentially bring to young people, and fully supports and encourages swimming activities that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions

All swimming activities and venues must be included within the visit plan, and lifeguarding arrangements checked in advance. This is particularly important in respect of visits abroad, where for example, a hotel pool may be available.

Young people must be supervised by a competent adult at all times whilst undertaking swimming activities. The following criteria apply:

Swimming pools (lifeguarded)

LA Approval is not required

- UK Swimming Pool safety is guided by various Health and Safety at Work Acts and Regulations. Pool operators have a duty to take all reasonable and practicable measures to ensure that teaching and coaching activities are conducted safely.
- For publicly lifeguarded pools abroad, the establishment's staff must seek assurances that appropriate lifeguard cover is in place prior to participants entering the water.
- Unless suitably qualified, the establishment's staff should not have responsibility for lifeguarding. However, they do retain a pastoral role for participants at all times either through direct or 'remote' supervision.
- For swimming lessons, the LA establishment should ensure the swimming teacher in charge or other pool employees/responsible adults supervising the participants are qualified according to current guidelines.

Refer to: 'Swimming in a Swimming Pool' in National Guidance www.oeapng.info

Hotel (and other) swimming pools

Establishments should check the lifeguarding position in advance.

LA Approval is not required for this activity if qualified lifeguarding is provided at the pool.

If lifeguarding arrangements are not provided at the pool then the visit leader will bear the full responsibility for ensuring swimming safety, and approval to lead the activity will be required via EVOLVE.

The following awards/qualifications apply:

For free swimming activity

- A valid RLSS UK National Pool Lifeguard Qualification (NPLQ), or equivalent in the country visited - see www.lifesavers.org.uk

For structured or programmed activity

- A valid RLSS UK National Rescue Award for Swimming Teachers and Coaches (NRASTAC) or equivalent - see www.lifesavers.org.uk **or**
- A valid RLSS UK Water Safety Management Award (WSMA), with appropriate endorsement.
- see www.lifesavers.org.uk

The role of the lifeguard is:

- To directly supervise the pool and the pool users, exercising appropriate levels of control. (Note: the lifeguard should remain on the poolside at all times except in the case of an emergency)
- If necessary, brief pool users in advance regarding rules (eg. no diving, running, etc.).
- To communicate effectively with pool users.
- To anticipate problems and prevent accidents.
- To intervene to prevent behaviour which is unsafe.
- To carry out a rescue from the water.
- To give immediate first aid to any casualty.

The above must be accomplished in the context of the normal operating procedures and the emergency plan for the pool, which should be considered before swimming takes place. Full familiarisation of the systems described should be walked through at the pool.

Staff must be aware of the procedures in the event of an emergency, and who at the venue will provide back up. Staff should also know if they have exclusive use of the pool, as other pool users may increase the supervision role of your lifeguard.

If a young person holds an appropriate qualification then their role should be emergency lifeguard action, and supervision should remain the responsibility of the establishment's staff.

Refer to: 'Swimming in a Swimming Pool' in National Guidance www.oeapng.info

Open water swimming (ie not in a swimming pool and not a 'water-margin' activity)

LA Approval is required via EVOLVE.

Particular consideration should be given to the following factors:

- Unknown locations and hazards, especially overseas.
- Changing environmental conditions.
- Supervisor complacency.
- Adherence to local advice.
- Preparation and knowledge of young people, ie. is it a planned activity?

The designated lifeguard must be dedicated exclusively to the group, and the location used must fall within the RNLI/RLSS definition of a 'safer bathing area'. Local advice must always be sought.

For free swimming activity

- A valid National Beach Lifeguard Qualification (NBLQ) or equivalent in the country visited, see www.lifesavers.org.uk Note: this is for beach/sea only, not inland water. **or**

For structured or programmed activity

- A valid RLSS UK National Rescue Award for Swimming Teachers and Coaches (NRASTAC) or equivalent - see www.lifesavers.org.uk **or**
- A valid RLSS UK Water Safety Management Award (WSMA), with appropriate endorsement. (available from 2013) see www.lifesavers.org.uk

Refer to 'Natural Water Bathing' in National Guidance www.oeapng.info

22 Definition of an ‘adventurous activity’

The following activities are regarded as ‘adventurous’ and require LA approval:

- All activities in ‘open country’ (see below)
- Swimming (all forms, excluding publicly lifeguarded pools)
- Camping
- Canoeing / kayaking
- Ice Skating
- Sailing / windsurfing / kite surfing / SUP
- Rafting or improvised rafting
- Use of powered safety/rescue craft
- All other forms of boating (excluding commercial transport)
- Water skiing
- Snorkel and aqualung activities
- Hill walking and Mountaineering
- Rock climbing (including indoor climbing walls)
- Abseiling
- River/gorge walking or scrambling
- Trampoline Parks
- Orienteering
- Forest Schools / Bushcraft
- Coasteering/coastal scrambling/sea level traversing
- Underground exploration
- Shooting / archery / paintballing / laser quest
- Snowsports (skiing, snowboarding, and related activities), including dry and Indoor slope
- Air activities (excluding commercial flights)
- Horse riding
- Motor sport – all forms
- High level ropes courses
- Off road cycling
- ‘Extreme’ sports
- Other activities (eg. initiative exercises) involving skills inherent in any of the above

‘Open country’ is normally defined as land above 300m, or more than 1km from vehicular access. However, this is an arbitrary boundary and there may be occasions where this definition is inappropriate. Please contact the Local Authority if you think this might apply. For level of competence required to lead in open country see Section 24

For the purposes of LA approval, the following activities are not regarded as adventurous and therefore do not require approval. However, these activities must be supervised by a member of staff who has previous relevant experience and who in the opinion of the EVC and Head of Establishment is competent to supervise the activity:

- Walking in parks or on non-remote country paths
- Field studies - unless in the environments stated in ‘open country’
- Swimming in publicly lifeguarded pools
- Theme parks
- Tourist attractions
- Pedal go-karts
- Farm visits
- Local traffic survey
- Museum, library, etc.
- Physical Education and sports fixtures (other than the above)
- Water-margin activities as defined in Section 16

Please contact the Local Authority if there is uncertainty over whether a particular activity requires LA approval.

23 Adventurous Activities

This section is applicable to all adventurous activities except the following, for which separate guidance applies:

Water-based activities - Section 24

Open country activities - Section 25

Snowsports - Section 26

Overseas expeditions - Section 27

The LA acknowledges the immense educational benefits that adventurous activities can potentially bring to young people, and fully supports and encourages adventurous activities that are correctly planned, managed, and conducted

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

The responsibility for the safety of participants in an adventurous activity will rest with either:

a) **An external provider** - see Section 30

The provider must hold an LOtC Quality Badge and complete a Provider Form

Note: If a Provider holds an AALA licence (and/or any other accreditation) but not an LOtC Quality Badge, then a Provider Form is still required.

Note: Whilst the responsibility for the safety of participants rests with the provider, the accompanying staff continue to retain a 'pastoral' duty of care.

or

b) **A member of your establishment's staff** - see Section 29

This person must be specifically approved by the LA to lead the activity, via EVOLVE.

24 Water-Based Activities

For clarification between water-margin and water-based activities see Section 17

The LA acknowledges the immense educational benefits that water-based activities can potentially bring to young people, and fully supports and encourages water-based activities that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

The following are not regarded as adventurous activities for the purposes of LA approval:

- Swimming in publicly lifeguarded pools - see Section 21
- Water-margin activities as defined in Section 17
- Commercial craft, tourist boat trips, and similar activities for which young people would not normally wear personal buoyancy.

With the exception of the above, all other forms of water-based activities are regarded as adventurous activities, and as such require LA approval.

The responsibility for the safety of participants in an adventurous activity will rest with either:

a) **An external provider** - see Section 30

The provider must hold an LOtC Quality Badge and complete a Provider Form

Note: If a Provider holds an AALA licence (and/or any other accreditation) but not an LOtC Quality Badge, then a Provider Form is still required.

Note: Whilst the responsibility for the safety of participants rests with the provider, the accompanying staff continue to retain a 'pastoral' duty of care.

or

b) **A member of your establishment's staff** - see Section 29

This person must be specifically approved by the LA to lead the activity, via EVOLVE.

In order to participate in water-based activities, participants should normally be water confident. Participants who lack water confidence may still be able to take part subject to consideration of all factors, including the activity itself and supervision arrangements. The level of water confidence of all participants must be known by the activity leader prior to the commencement of water-based activities.

Leaders should have knowledge of the water conditions/hazards (and potential changes) that might be encountered, and prepare accordingly. Local advice must be sought where appropriate, eg coastguard, harbour master, other site users, etc.

Personal buoyancy conforming to the appropriate National Governing Body must be worn at all times by all participants in water based activities, except, at the discretion of the activity leader, where the activity:

- a) takes place in a swimming pool, **or**
- b) is 'swimming', **or**
- c) is an activity for which personal buoyancy would not normally be worn by young people.

25 Open-country activities

The LA acknowledges the immense educational benefits that open-country activities can potentially bring to young people, and fully supports and encourages open-country activities that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

For the purposes of LA approval, 'open-country' is normally defined as land above 300m, or more than 1km from vehicular access. However, this is an arbitrary boundary and there may be occasions where this definition is inappropriate. Please contact the LA if you think this might apply.

Open-country activities are regarded as 'adventurous' and therefore these visits requires LA approval.

The responsibility for the safety of participants in an adventurous activity will rest with either:

a) **An external provider** - see Section 30

The provider must hold an LOtC Quality Badge and complete a Provider Form

Note: If a Provider holds an AALA licence (and/or any other accreditation) but not an LOtC Quality Badge, then a Provider Form is still required.

Note: Whilst the responsibility for the safety of participants rests with the provider, the accompanying staff continue to retain a 'pastoral' duty of care.

or

b) **A member of your establishment's staff** - see below

This person must be specifically approved by the LA to lead the activity, via EVOLVE.

The following minimum levels of technical competence apply where a member of the establishment's own staff intends to lead an open-country activity:

a) For leaders of walking groups outside the UK or Ireland, please contact the LA for further guidance.

- b) For leaders of walking groups in mountainous terrain within the UK and Ireland
- Mountain Leader Award (Summer or Winter as appropriate) www.mltuk.org **or**
- A written statement of competence by an appropriate Technical Adviser - see Section 29

- c) For leaders of walking groups in summer conditions in non-mountainous hilly terrain (Known variously as upland, moor, bog, hill, fell or down), with well-defined obvious boundaries, such as roads and coastlines, and where any hazards within it are identifiable and avoidable, and where wild camping or movement on steep ground is not involved.
- Hill and Moorland Award / Walking Group Leader Award www.mltuk.org **or**
- A written statement of competence by an appropriate Technical Adviser - see Section 29

d) For leaders of walking groups in terrain 'easier' than that defined in c)

The leader must demonstrate an appropriate level of competence. This may include one or more of the following:

- Countryside Leader Award. See www.countrysideleaderaward.org
- Sports Leaders UK Level 3 Award in Lowland Expedition Leadership (LEL).
See <https://www.sportsleaders.org/qualifications-programmes/expedition-leadership>
- Lowland Leader Award See www.mltuk.org
- Completion of a suitable 'Leader Training' Course.
- A written statement of competence by an appropriate Technical Adviser see Section 29
- Evidence of recent, relevant experience, appropriately corroborated.
- An assessment of competence (written or implied) by the Head of Establishment.

26 Snowsports

The LA acknowledges the immense educational benefits that Snowsport activities can potentially bring to young people, and fully supports and encourages Snowsport activities that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

Snowsports (eg skiing and snowboarding) are regarded as adventurous activities, and the visit therefore requires LA approval.

There are advantages to Snowsports taking place during term time as opposed to during the establishment holiday period. These include: greater choice generally, less queueing for lifts, less crowded slopes therefore less chance of collisions occurring, less crowded resort, higher possibility of 'sole use' of accommodation, lessons more likely to be conducted by permanent Snowsport establishment instructors (as opposed to 'casual' instructors), greater likelihood of English speaking instructors, considerable cost savings through avoiding high season (possibly allowing more young people to participate), etc.

A member of staff intending to organise a Snowsport visit (but not instruct, lead or supervise on snow) must hold the Snowsport Course Organiser Award (SCO), administered by Snowsport England www.Snowsportengland.org.uk and must have previously accompanied at least one educational Snowsports visit.

Young people may only participate in Snowsports when under the direction of an appropriately qualified and competent person. This would normally be an instructor employed by the local Snowsports school. Establishments should therefore consider the merits of fully instructed lessons of 4/5 hours duration per day.

A member of staff intending to lead skiing or snowboarding (ie. not using a ski school instructor) must be qualified as below and have been approved by the LA via EVOLVE- see Section 29

Skiing: The minimum qualification to lead skiing on snow is:

- The Alpine Ski Course Leader Award (ASCL) www.Snowsportengland.org.uk **or**
- The Alpine Ski Leader Award (ASL) www.Snowsportsotland.org **or**
- A statement of competence by an appropriate 'Technical Adviser' - see Section 29

Snowboarding: The minimum qualification to lead snowboarding on snow is:

- The Snowboard Leader Award (SBL) administered www.Snowsportsotland.org **or**
- A statement of competence by an appropriate 'Technical Adviser' - see Section 29

See EVOLVE Resources for the current good practice guidance on helmets for Snowsport activities.

Pupils may only take part in off-piste activities if:

- a) under the direction of a suitably qualified local instructor, AND
- b) they will remain within the designated controlled areas, AND
- c) off-piste activities are specifically included within the visit insurance policy, AND
- d) a NOTE is added to EVOLVE in advance of the visit, confirming that the above criteria are/will be complied with.

Important: Owing to unacceptable liability waiver requirements, currently LA establishments must not use the following resorts: Vail, Beaver Creek, Breckenridge, Keystone and Heavenly Lake Tahoe, until further notice. For other resorts in USA or Canada, the establishment must check the liability position prior to making a commitment.

Refer to 'Snowsport visits' in National Guidance www.oeapng.info

27 Overseas Expeditions

The LA acknowledges the immense educational benefits that overseas expeditions can potentially bring to young people, and fully supports and encourages overseas expeditions that are correctly planned, managed, and conducted.

Staff should ensure that the intended outcomes of the activity are balanced with all reasonably practicable safety precautions.

Overseas Expeditions (for the purposes of this document) are defined as those which typically involve journeying in remote areas of the world and/or in developing countries.

There are stringent requirements on Overseas Expedition providers, and establishments may therefore need to allow up to 18 months for LA approval to be granted. A 'Note' (for the attention of the LA) should be added to the EVOLVE Visit Form as soon as possible during the planning stages.

Overseas Expeditions will only be approved by the Local Authority if the provider either:

- a) Holds an LOtC Quality Badge www.lotcqualitybadge.org.uk **or**
- b) Provides a statement of compliance with [Guidance for Overseas Expeditions, Edition 4](#)

For providers that do not hold an LOtC Quality Badge, 'Guidance for Overseas Expeditions, Edition 3' should be referred to when the proposal is initiated. This document contains information for both establishments and providers, and includes a checklist of vital aspects that **must** be considered prior to the establishment making a commitment with an external provider. Overseas expedition providers are required to comply with the minimum standards specified in this document.

When planning an expedition and selecting a provider, establishments should particularly consider the educational aims of the venture, that appropriate progression takes place, and that the requirements relating to 'Best Value' are met.

Visit leaders may find it beneficial to attend the one day course entitled 'Overseas Expeditions and Fieldwork: a Course for Teachers and Youth Leaders' organised by the Royal Geographical Society <https://www.rgs.org/>

Refer to: '[Overseas Expeditions](#)' in National Guidance www.oeapng.info

28 Emergency Procedures

Establishments should ensure that their Health and Safety policy includes off-site visits.

Staff involved in a visit must be aware of and adhere to their establishment's policy on emergency procedures.

For visits that take place outside normal establishment hours:

- A completed [Emergency Card – Visit Leader](#) (or equivalent) must be with the Visit Leader at all times, **and**
- A completed [Emergency Card – Home Contacts](#) (or equivalent) must be with the emergency home contact(s) at all times, where access to EVOLVE is not possible.

In an emergency, if it is not possible to reach any of the designated establishment emergency contacts, the leader should call the LA 24 hour emergency number - see [Contacts](#)

Refer to: '[Critical incident management](#)' in National Guidance www.oeapng.info

Refer to: '[Emergency planning establishment](#)' in National Guidance www.oeapng.info

Refer to: '[Emergency procedures for visit leaders](#)' in National Guidance www.oeapng.info

29 Approval of staff to lead an adventurous activity

PROCEDURE FOR OBTAINING APPROVAL

Staff who wish to lead (ie. supervise or instruct) an adventurous activity, as defined in Section 22, must first upload details and scanned copies of all relevant qualifications (eg instructor certificates, first aid, etc) to the 'My Details' section of their EVOLVE account.

The visit leader should complete the Visit Form on EVOLVE as usual. During this process EVOLVE will ask for an Activity Leader Form (ALF) to be completed, which will request further details regarding the proposed venture (eg dates, venues, numbers, etc). The ALF will then be embedded within the Visit Form for that particular visit.

On receipt of a Visit Form (and embedded ALF), the LA will view the proposed activity in the context of the leader's competencies and qualifications.

Where approval is not granted to lead the activity, the Visit Form will be returned to the EVC via EVOLVE, with an attached note. Where this is the case the activity must not take place.

CRITERIA FOR APPROVAL

Approval will normally be given where the leader of the activity has recent relevant experience, and:

- is appropriately qualified through the relevant National Governing Body, **or**
- has a 'Statement of Competence' from an appropriate 'Technical Adviser' – see below.

For most activities the competence required of a Technical Adviser is stipulated by the activity's National Governing Body. For further clarification regarding a Technical Adviser 'Statement of Competence' please contact the LA.

In some cases approval may be granted where no qualification is held, but the person concerned is deemed by the LA to have a sufficient level of competence in addition to recent relevant experience.

In cases where no National Governing Body exists, the LA will make a decision based on factors which may include: technical advice, the leader's stated competence, observed competence, past experience, and attendance at training courses.

Approval will always be subject to a requirement that the leader must act at all times within the remit of his/her qualifications, and in accordance with National Governing Body Guidelines where these exist. Approval may also be subject to other conditions which will be specified by the LA on the Visit Form.

Where there is insufficient information for the LA to make a decision regarding approval, then the applicant may be asked to provide further information (eg evidence of awards, experience, and log book details, etc). In some cases a meeting with the applicant may be requested by the LA.

Approval to lead an adventurous activity is specific to the technical aspects of the adventurous activity detailed. It is not an indication in respect of other aspects of the visit such as general management and supervision skills, the assessment of which may be the responsibility of Head of Establishment and/or EVC.

30 Using an External Provider

An 'External Provider' is defined as where there is an element of instruction, staffing, or guiding, for example:

- Activity Centre
- Ski Company
- Educational Tour Operator
- Overseas Expedition Provider
- Climbing Wall where instruction is provided by climbing wall staff
- Freelance instructor of adventurous activities
- Youth Hostel (where instruction is provided)
- Voluntary organisation (e.g. Scout Association), where instruction is provided

For the purposes of LA approval, an External Provider is NOT a:

- Youth Hostel (where accommodation only is used)
- Hotel, B&B, etc
- Campsite
- Museums, galleries, etc
- Tourist attractions
- Theme Parks
- Farms
- Coach, Train, or Airline company
- Swimming Pool
- Climbing Wall where instruction is provided by a member of your establishment's staff with an approved Activity Leader Form (ALF) (Section 28 applies)
- 'Volunteer' instructor of adventurous activities (see below)

The decision about the use of an external provider is the responsibility of the visit leader, EVC, and Head of establishment. The LA does not 'approve' external providers or tour operators. Establishments will find it useful to 'Search by External Provider' on EVOLVE, and liaise with other LA establishments that have used a particular provider.

Establishments should consider the requirements under 'best value' when selecting an external provider.

To confirm that all aspects of the operation of the provider are satisfactory, the establishment must ensure that either:

- a) The Provider holds an LOtC Quality Badge www.lotcqualitybadge.org.uk or www.kaddi.com
and
 - b) A 'Provider Form' has been satisfactorily completed by the provider
- Note: If a Provider holds an AALA licence (and/or any other accreditation) but not an LOtC Quality Badge, then a Provider Form is still required.

Note: from 2014, EVOLVE will automatically identify providers that hold an LOtC Quality Badge, via the search tool Kaddi www.kaddi.com

For New Providers that are not already registered on EVOLVE

PROCEDURE

- Download a Provider Form from EVOLVE.
- Complete the top section.
- Send Provider Form to the provider (email, fax, post).
- On its return check that it has been satisfactorily completed.
- Keep Provider Form on file together with all other relevant documentation.
- It is not necessary to attach the Provider Form to EVOLVE.

Important: If the Provider has made any alterations to the wording of the Provider Form or is unable to comply, then you must discuss this with the Provider, and if necessary seek advice from the LA prior to making a commitment with the Provider.

The Provider Form should be sent to the provider at the time of making a provisional booking and no deposits should be committed prior to its satisfactory completion and return.

The satisfactory completion of a Provider Form does not necessarily signify that the service on offer will be appropriate for the young people from your establishment. A pre-visit and recommendation from previous users will help you decide on its suitability.

In some instances, for example where an establishment intends to use an 'external', **voluntary** individual for services, then this person may be regarded as a temporary member of staff and the procedure outlined in Section 29 may be appropriate.

The above procedure is **not** sufficient for Overseas Expeditions (ie. those which typically take place in remote areas of the world and/or in developing countries), for which separate arrangements are applicable and **must** be complied with, see Section 27

31 Procedures for Individual Placements

Recently multi – agency teams have started to use External Providers for Individual placements of young people, as part of a development programme, where the young person is not accompanied by a member of staff.

To enable a suitable and sufficient system to be put in place the LA has provided the following supplementary guidance to be found in the EVOLVE Resource centre:-

'Notification and approval system for Unaccompanied Individual Placements using Outdoor and Adventurous Activities, May 2007'

'Notification and Approval for Unaccompanied Individual Placements' or

'Referrals to External Agencies on Non-Adventurous or Outdoor Activities, Sept 07'

These documents are available from the establishment's EVC or download via EVOLVE.

All such activities have to be recorded on the EVOLVE on line system.

32 Trampoline Parks

The Association for Physical Education (AfPE)'s view is that trampolining is suitable for teaching in secondary schools only. It is seen as one of the higher risk activities, and as such, those teaching it must have undertaken specific trampolining qualifications. AfPE currently recommends that schools do not arrange visits for pupils to Trampoline Parks.

There is currently no robust inspection/accreditation system in place for the supervision of Trampoline Parks, and until such time as this exists, schools should fully consider the National Guidance document 6n [Visiting trampoline parks](#)

Establishments should contact the LA to discuss the use of such venues prior to booking.

If permission is given 'Trampolining at Trampoline Parks' is classed as an adventurous activity and should therefore be entered on EVOLVE.

Please note that the above does not apply to trampoline clubs or centres which are registered with British Gymnastics. These activities are still classed as 'adventurous', and schools intending to visit these facilities should comply with current AfPE guidance.

33 Charging

The Education Act 1996, sections 449-462 sets out the law on charging for school activities in England. The Department for Education provides guidance to Heads of Establishments and Governing Bodies as to the requirements of a charging & remissions policy, voluntary contributions and what can or cannot be charged for.

Trafford Council Heads / Managers, Curriculum Planners, EVCs and Visit / Activity Leaders must take account of the legal framework relating to charging, voluntary contributions and remissions as set out in sections 449 to 462 of the Education Act 1996.

Refer to [National Guidance document: 3.2c Charging for School Activities](#)

[DfE document: Charging for School Activities](#)

34 Waivers & Disclaimers

Schools must not undertake any activity where the provider asks for a liability waiver to be signed (either by school staff or by parents) before participation.

The Association for Physical Education, School Sport and Physical Activity (AfPE) says *'Schools need to be aware that they cannot sign waivers/disclaimers on behalf of pupils, neither can they ask parents to sign waivers for children whilst they are under the schools duty of care. AfPE currently does not recommend that schools arrange visits for pupils if the provider insists on the completion of a waiver/ disclaimer'*.

Legal advice is that 'Teachers/school staff should not sign disclaimers of this nature as they have no authority to do so from parents. Even if a parent gave their specific authority in respect of their children or signed the disclaimer themselves, it would be of no effect with regard to the liabilities and obligations of the teacher/school. Neither could a teacher purport to sign the disclaimer on behalf of the school governors or the Local Authority as they have no authority to do so from the governors or the Local Authority'.

Educational Visits Checklist

This checklist is a useful tool to aid planning and is applicable for **all** visits.

The visit should only go ahead if the answer to all applicable questions is 'YES'

In advance of the visit:

1. Have the educational aims of the visit been clearly identified? yes
2. Is the visit appropriate to the age, ability and aptitude of the group? yes
3. Has there been suitable progression/preparation for participants prior to the visit? yes
4. Does the visit comply with any guidelines specific to your Establishment? yes
5. Does the visit comply with any specific LA guidelines? (see relevant sections) yes
6. If a member of staff is going to lead an adventurous activity, have they been 'approved' by the LA? yes n/a
7. If using an external provider or tour operator, has the provider satisfactorily completed and returned a 'Provider Form'? yes n/a
8. Are transport arrangements suitable and satisfactory? yes n/a
9. If the visit is residential, have appropriate measure been taken to ensure the suitability of accommodation? yes n/a
10. If the visit is overseas, have appropriate additional measures been taken to ensure the suitability of activity and safety of participants? yes n/a
11. Have you conducted a pre-visit? (normal procedure for most visits within the UK). If not, have appropriate additional checks been made? yes
12. Do the adults in the party have the appropriate skills for the visit? (Check this carefully and arrange suitable training and/or briefing to clarify your expectations). yes
13. Have any adult helpers (non LA employees) been approved by the Head of Establishment as to their suitability? yes n/a
14. Is the level of staffing sufficient for there to be an appropriate level of supervision at all times? yes
15. Does the Visit Leader possess the necessary competence to lead the visit, and is he/she comfortable with their role? yes
16. Are all support staff aware of and comfortable with their roles? yes
17. Are all helpers aware of and comfortable with their roles? yes
18. Has Event Specific Risk Assessment (OE6) been carried out and will this be shared with all relevant parties? yes
19. Is insurance cover adequate? yes
20. Does at least one member of staff know the participants that are being taken away, including any behavioural traits? yes

21. Have participants been advised in advance about expectations for their behaviour? If appropriate, are participants aware of any 'rules', and have sanctions to curb unacceptable behaviour been identified and agreed with participants and staff? yes
22. Are participants aware of the nature and purpose of the visit? yes
23. Are parents fully aware of the nature (including contingency plans), and purpose of the visit, and has consent been obtained? yes
24. Have all relevant details been issued? (eg. itinerary, kit lists, etc?) yes n/a
25. Are staff aware of any medical needs and/or other relevant details of participants? yes
26. Has parental consent been gained for staff to administer specific drugs/injections, and if necessary have named staff received appropriate training? yes n/a
27. Are staff aware of any relevant medical conditions of other staff/helpers within the group? yes n/a
28. Does at least one responsible adult have a 'good working knowledge' of First Aid appropriate to the environment? yes
29. Is a first aid kit (appropriate to the visit) available? yes
30. Is there flexibility within the programme? Are there contingency plans that would be suitable in the event of changed or changing conditions, staff illness, etc. eg. 'Plan B', and have these plans been risk assessed and parental consent been obtained? yes
31. For journeys taking place outside the establishment's 'normal' hours, will the Emergency Contacts Form be carried by the Visit Leader, and Home Contacts Form with the designated emergency contact/s? yes n/a
32. Are full details of the visit at the LA establishment, and if appropriate with the establishment's Emergency Contact(s)? yes

Emergency Card (Visit Leader)

This 'card' must remain with the Visit Leader at all times on a visit

In the event of a significant incident or accident that does not involve serious injury or fatality, and/or is not likely to attract media attention, the Visit Leader should seek advice from their establishment emergency contact(s). This should normally include a member Senior Management of the establishment.

In the event of an incident that does involve serious injury or fatality, and/or is likely to attract media attention, the Visit Leader should adopt the following protocol:

1. Assess the situation;
2. Safeguard uninjured members of the group (including self);
3. Attend to any casualties;
4. Call emergency services, if appropriate.
(999 or appropriate local number if abroad, Europe 112, North America 911)
5. **Contact the LA Emergency Contact Number** to report the incident and request assistance.

**Trafford Council Emergency Contact 0161 912 1111
or if abroad +44 161 912 1111**

Be prepared to give: Your name and Establishment/Group
 Phone number & back up phone numbers
 Exact Location
 Nature of Incident
 Number in the Group

You will be called back as soon as possible so try not to make outgoing calls until contact is made. You will be given advice and asked what the LA can do to support you.

Then:

- Contact your establishment, EVC or Home Contact (see below) and seek further advice. If you are unable to do this, the LA will contact your establishment on your behalf.
- If practicable, delegate party leadership to the Deputy Leader, in order that you can be contactable at all times, and to enable you to coordinate all necessary actions;
- You will be provided with a dedicated number to refer all press, media, parental, or other enquiries to the LA and for continuing contact with the LA during the incident.
- Wherever possible, prevent group members from using telephones or mobiles, or going on-line until such time as this has been agreed by the LA;
- Do not allow any member of the group to discuss liability with any other party.

When the incident is under control:

- Seek further and full details of the incident, how and why it happened so far as can be established at this stage;
- Maintain a detailed written log of all actions taken and conversations held, together with a timescale – It may be appropriate to ask someone else to do this;
- Contact the British Consulate / Embassy if abroad.

Emergency Card (Home Contacts)

For visits that take place outside normal establishment hours.

This 'card' or equivalent must remain with the establishment emergency contact(s) at all times, if access to EVOLVE is not possible.

The establishment's Emergency Home Contact(s) should have all visit information, including itinerary, venue details, names, medical information and emergency contact details for all participants including staff.

In the event of being contacted by the Visit Leader (or other member of staff involved in a visit), you should:

- Confirm the phone number at which the caller can be contacted back on;
- Note their location;
- Determine the nature of the emergency;
- Determine the type of help required.

If the incident does not involve serious injury or fatality, and/or is not likely to attract media attention:

- Provide the required assistance if possible;
- Seek further advice or pass on details to other establishment contacts who may be able to assist.

If the incident does involve serious injury or fatality, and/or is likely to attract media attention:

- Inform the Visit Leader that someone will phone him/her back as soon as possible;

It is the responsibility of the Visit Leader to contact the LA. However circumstances may prevent this. If you are not 100% positive that the LA has been contacted, please contact Trafford Council 0161 912 1111 and state that you require immediate assistance from the Emergency Response Team. Give brief details of the incident.

- Your details will be taken and you will be phoned back as soon as possible;
- You should also contact the Head of Establishment (if this is not you);
- A Response Team will be brought into action to support the party, the establishment, and the parents. Teams of senior officers are briefed for this role and will provide continuous support from the moment the emergency occurs. The team would operate from the Emergency Control Centre and the Head of Establishment or a senior member of staff may be asked to join the team immediately;
- The Head of Establishment should consider the appropriate time to contact the parents of the participants involved on the visit. Advice and support can be sought from the LA in dealing with this.
- The Response Team will form a continuous link with the affected group, and depending on the level of emergency will send a senior officer to the incident location. The Response Team will direct all actions; provide links with the media, rescue agencies, tour operators, insurance companies, etc. As appropriate the Response Team would arrange for the return of the party or arrange other transport where required;
- You will be provided with a dedicated number to refer all press, media, parental, or other enquiries to the LA and for continuing contact with the LA during the incident.
- The LA will give accurate and periodic information through press releases, will arrange interviews, and will attempt to reduce media pressure from the incident, establishment, and parents. If appropriate, support and counselling will be arranged for families, participants and staff.
